

Hey Groundhog fans!

On behalf of that thespian of thespians, Groundhog, we want to wish you and your families a **very happy holiday!**

Groundhog's a bit tied up these days after his successful movie debut in [Groundhog Crossing](#). From the red-carpet to the Pennsylvania post-party, the critics have been raving non-stop.

Do we see a gold statue in the forecast? We wouldn't be surprised. He's become a media darling. They're raving about him in that celebrity-obsessed blog, [Celebrity Plush](#).

That's it for now.

Enjoy the holidays!
