Hi, I'm Nam!

I'm from Philadelphia, the birthplace of our country. If you've been here before, you know it's an amazing city. If you haven't, come out and see us this month. Any trip here begins with a visit to [Independence Hall](#) and the Liberty Bell. If you enjoy art, the [Brandywine River Museum](#) is a cool place to check out. Once you get your fill of history and culture, stop by the [Chaddsford Winery](#), Pennsylvania's largest winery. Later, catch a show or hit Walnut Street. And don't go home until you've had a cheesesteak topped with plenty of Whiz. I highly recommend [Jim's Steaks](#) in South Philly. Check out my [Playlist](#) for more things to do in my hometown.
